# Site Update

Volume 2, Issue 4

Summer 2016

# Raising Readers

## Dear Site Coordinator:

In this envelope, you'll find the biennial Quality Improvement Survey. Please take the time to complete and return the survey to us. Your feedback is critical to maintaining and improving Raising Readers and making it easy for you to be part of the program. It doesn't take a lot of time and you just might win a fun prize!

### What's inside:

- August Book List and Log
- Site Information Update Form
- Site Coordinator Quality Improvement Survey
- Medical Provider Quality Improvement Survey

Please take a moment to review and update the information on the Site Information Update form and provide any missing information. Accurate shipping and contact information is critical to getting books to you in a timely fashion.

It's important that the medical contact (physician, PA or NP), not the site coordinator, complete the medical contact survey. We do ask for (and appreciate your help) in working with the medical contact at your site to ensure this part of the survey is completed.

## Impact Study Results Released Soon

Earlier this year, Raising Readers asked for your help in distributing surveys to the medical providers and families at your practice to evaluate the collective impact of the program on Maine communities.

The final report is being prepared for the Horizon Foundation, which awarded the small grant to conduct the study. As soon as the report is polished, we'll share the results with you. Stay tuned!

# Thank You

Thank you for your continued support of the Raising Readers program and for inspiring a love of books and reading in *all* Maine children. We couldn't do it without you!
